

ABC PARKING LOT

Little kids love matching. They also love cars and singing the ABCs. So let's go ahead and put them all together! Here's what you'll need.

MATERIALS:

- Cardboard
- Dot stickers
- Marker
- Toy cars

INSTRUCTIONS:

- 1 Draw parking spaces on the cardboard, at least 26.
- 2 Write one letter of the alphabet in each parking space.
- 3 Write one letter of the alphabet on individual dot stickers.
- 4 Place the stickers, one each, on the toy cars.
- 5 Have your kids park the cars in the parking spaces that match the stickers!

MODIFICATIONS:

- 1 Don't have 26 toy cars? Just rotate the stickers!
- 2 If you have room for more parking spaces, add lowercase as well as uppercase letters.
- 3 You don't have to use cars! Toy farm animals, toy people, and many other things work just as well.
